

Visit to EMSD Education Path

Date: 28th November 2019

Location: EMSD (機電工程署)

Type: Technical visits

A group of 17 electronic and computer engineering students and staff visited the Electrical and Mechanical Services Department (EMSD) Education Path on 28 November 2019. In the guided tour, EMSD staff introduced their organization and responsibility, as well as various innovative green building technologies used in the EMSD HQ. These included 3 exhibition areas and over 2000 rooftop photovoltaic panels.
